

**Uncertain Times**  
**Very Truly Yours**

This is my first tab, so if anyone has any corrections or additions, I'm all ears! I

love Very Truly Yours, and was disappointed to discover that no one had submitted the

chords to any of their songs! So, I watched a live performance and figured things out

from there. It might not be 100% accurate...

I recommend that you play the barred version of the F major chord, it gives a fuller

sound, and it's the version used in the song. Tuning is standard.

Enjoy!
