

Cannibal Veto

G# Ebsus4
I brought the BBQ
C#sus4 G#
the stars and all the rest
G# Ebsus4 C#sus4 G#
it s such a shame that you just left me
G# Ebsus4
I came in second then
C#sus4 G#
I m in a marathon
G# G#
I ll gain on you some day just trust me

I can t believe what I just
witnessed here today
a thousand memories
just fade and fly away
I ll find you someday
in the middle of the war
I can t believe that
you don t need me anymore

I brought the humor
and a smile to fit your face
I won't hear the words you will tell me
I brought the liquor
and the drunken attitude
I can't believe that you can hate me

I crawl back into
the pieces of our plane
I wish that we could fly again

The melodic part in particular is
|C---Eb Bb--|C#---C-G#-|, with each || being a 4/4 bar and each dash being 1/8 note.

These are my first chords, so if they re incorrect please do correct them, but I think they sound nice. A bit in doubt about the **C#sus4** though, maybe it s just a C5. Anyways, have fun!
