

Guilty Beauty Love
Vic Mignogna

C **D**
What a crime, such a beautiful crime
G **Em**
That God would make a star as bright as I
Am **D**
And I know it s a disgrace to admire this perfect face
G **Em**
Reflected in your eyes
C **D**
So it s right, that I suffer tonight
G **Em**
All the pain of all the passion inside
Am **D**
But my heart can not deny what I m feeling inside
Em
That makes me long for you

Guilty, Beauty, Love

G
Take my hand, take the key
D **G**
You can open the door
G
Take a step, take a chance
D **G**
Now you ll find there s so much more
Am **C**
There s a world you ve dreamed of and if you ll allow
G
Let me escort you there

Am
I kneel before you, kiss your hand to
G **D**
Tell you I m a lucky guy
Am **C** **D**
Look back and know that I can heal your tired heart

What a crime, such a breath-taking crime
Everything I touch can t help but fall in love
In this cruel romantic game, there s no way that you re to blame
For your stolen heart
So I say that the price I must pay
Is to offer up my heart forever
Just don t take away your touch cause it means so much
To feel your hand in mine

Guilty, Beauty, Love

In the sky, you and I
Are floating in space
I the moon, you the sun
Locked in beautiful embrace
Heavenly bodies come together so blindingly bright
They chase away the night

What I bring you, I hope delights you
A bouquet of passion, Cutie Lady
Be sure that here with me you ll always save the day

What a crime, such a wonderful crime
That God would choose to make such lips as mine
It was wrong but all the same, I invited and you came
Into this dream with me
So my price is to gaze in your eyes
And to feel more love than I can contain
Even so, it s fair to say, I ve still found a way
To cast my spell on you
Guilty, Beauty, Heart
