[Intro]
CM D/A G Cma7/G
N.C.
[Verse 1]
                    D/A
CM
You showed up at my door
                                          Cma7/G
Restlessly in search of something I can t offer
You pled for something more
                                     Cma7/G
And I m too scared to tell you what I want
[Chorus]
CM
                                   D/A
Cause when you come around I go way far down
           G
I sink ever deeper now
             Cma7/G
Yes I go low
                               D/A
Something in the way that I loved you in my day
        G
                                          Cma7/G
                                                     Cm
And I m too ashamed to say that now I just don t
And I don t want to die alone
[Break]
CM D/A G Cma7/G
N.C.
[Verse 2]
                    D/A
CM
```

Cma7/G

And tell me how you feel

G

```
I m wasted and I actually wanna hear it
CM
                          D/A
I ll assure you that it s real
                            Cma7/G
I m far enough away I might believe it
[Chorus]
                                   D/A
Cause when you come around I go way far down
I sink ever deeper now
            Cma7/G
Yes I go low
CM
                               D/A
Something in the way that I loved you in my day
                                          Cma7/G
                                                     Cm
And I m too ashamed to say that now I just don t
And I don t want to die alone
[Bridge]
CM D/A
                Cma7/G
  I go way far down (x2)
[Chorus]
Cause when you come around I go way far down
           G
I sink ever deeper now
             Cma7/G
Yes I go low
                               D/A
Something in the way that I loved you in my day
                                          Cma7/G
                                                     Cm
And I m too ashamed to say that now I just don t
But I don t want to die alone
