Heart Of Steel
Victoria Carbol
[Intro]
G D Am
[Verse 1]
It s not just the chaos
Em
That prowls under your skin
It s the trust you won t give me
It s the pride in your sin
It s not that I hate you
\mathbf{Em}
Though trust me, I ve tried
It s that I car far too much
For the things that you hide
C
[Chorus]
Am
I lived to overcome but suddenly I m undone
So take this heart of steel
C
It s yours, I m yours to wield
Em
And I will be your shield
To hold against the dark
With this heart of steel
G D Am
[Verse 2]
It s not just your body
It s the beast in your eyes
Oh, you re too strong to break
```

Am

```
Oh, you re too strong to cry
The reasons I love you
       Em
Are the reasons I lie
Oh, I know you re not safe
        Αm
But you wake me to life
[Chorus]
Αm
                    C
I lived to overcome but suddenly I {\tt m} undone
So take this heart of steel
It s yours, I m yours to wield
And I will be your shield
To hold against the dark
With this heart of steel
[Instrumental]
G D Am
[Bridge]
           D
I ve lived a thousand lives
But I ve never seen strength
        Em

                  D
                            \mathbf{E}\mathbf{m}
And, oh, I wish we had more time
            D
                   Em D
But I promise I will find you on the other side
D
[Chorus]
                    C
I lived to overcome but suddenly I m undone
So take this heart of steel
It s yours, I m yours to wield
And I will be your shield
