

Make It In America
Victoria Justice

Hi!

This is the new song from Victorious. I really like it!

This is my first one and I tabbed this by ear, so if I've got something wrong, please tell me!

In case you don't know, to play Cadd9, just put your fingers on a G but jump the

lowest two up one string to play the chord.

Or, it's basically a C but move the finger that's on the B string up 2 frets. You will have to re-arrange your fingers so it is more comfortable.

Thanks!
