

Make It Shine
Victoria Justice

Capo on 3rd Fret!!

D **A**
Here I am

Em
Once again

G
Feeling lost

D
But now and then

A
I breathe it in

Em
To let it go

G **D**
And you don t know where you are now

A
Or what it would come to

Em
If only somebody could hear

D
When you figure out how

A
You re lost in the moment

Em **G**
You disappear

D
You don t have to be afraid

A
To put your dream in action

Em

You re never gonna fade

G

You ll be the main attraction

D

Not a fantasy

A

Just remember me

Em

G

When it turns out right

D

Cause you know that if you re living

A

Your imagination

Em

Tomorrow you ll be

G

Everybody s fascination

D

In my victory

A

Just remember me

Em

G

When I make it shine

D, A, Em, G

Its the same for the rest of the song.
