(Lo demás es igual)

Dad's been gone now for  
Almost 10 years thought I could leave  
It all behind then why can't I look at  
Another person in the eye and not feel  
So ashamed

Coro:

Lady take me  
Away can't live with the regret after  
What He did  
lady take me away can't live  
With my self.

after what He did  
Lady Take me away  
can't live with Myself

Thought I could leave it all behind  
though I could locked all inside..  
Daddy you were wrong I thought  
You were my friend

thought I could

Count on you

I thought you'll be there by my side...

Daddy you were wrong.
