Never Knew Lonely
Vince Gill
[Verse 1]
No other lover ever really cared
When I ve reached out for you you ve always been there
Now I m so far away and baby I m scared
I never knew lonely till you
[Chorus]
I never knew lonely could be so blue
I never knew lonely could tear you in two
I never loved someone like I love you
I never knew lonely till you
[Verse 2]
You are my rock and the strength I need
To keep me sane in this life that I lead
Now I m not with you and my broken heart bleeds
I never knew lonely till you
[Chorus]
I never knew lonely could be so blue
I never knew lonely could tear you in two
I never loved someone like I love you
I never knew lonely till you
[Verse 3]
I can t make up for the times I ve been gone
I ll prove I love you in the words of this song
