

When I Call Your Name
Vince Gill

E **A** **E**
I rushed home from work like I always do
E **F#** **B**
I spent my whole day just thinking of you
E **A** **E**
When I walked through the front door my whole life was changed
A **E** **B** **E**
Cause nobody answered when I called your name
E **A** **E**
A note on the table that told me goodbye
E **F#** **B**
It said you'd grown weary of living a lie
E **A** **E**
Your love has ended but mine still remains
A **E** **B** **E**
But nobody answers when I call your name

CHORUS X 2

E **A** **E**
Oh the lonely sound of my voice calling
E **B**
Is driving me insane
E **A** **E**
And just like rain the tears keep falling
E **B** **E**
Nobody answers when I call your name

E **A** **E**
Oh the lonely sound of my voice calling
E **B**
Is driving me insane
E **A** **E**
And just like rain the tears keep falling
E **B** **E**
Nobody answers when I call your name
E **B** **E**
Oh nobody answers when I call your name
