

The Moment I Met You
Vincent

This sounds quite about right to me.

C

The moment I met you

AM

That moment I forgot about everything I ve been through

F

Tell me how could that be, hey baby

Guess we both know

C

G

I d follow you wherever you go

C

Into the wild Serengeti

Hills of Himalaya

AM

Back to where you met me

F

The moment when I met you, hey baby

Guess we both know

C

G

I d follow you wherever you go

AM

Back then

F

I was a boy longing for a friend

AM

Someone to hold when the day would end

F

I had a dream bout the day when you, my love

AM

Would come and turn things round

F

Now you and me like a brand new sound

AM

Yeah you put me back on solid ground

F

G

And now my struggling days are gone, way gone

C

The moment I met you

AM

That moment I forgot about everything I ve been through

F

Tell me how could that be, hey baby

Guess we both know

C

G

I d follow you wherever you go

C

Into the wild Serengeti

Hills of Himalaya

F

The moment when I met you, hey baby

C

G

AM

I ve been

F

I miss you even if we never met

AM

I want time on my own instead

F

I want time on my own but you, my love

AM

You turn this world around

F

Into a place I never thought I d find

AM

Oh yeah I keep it in this song of mine

F

G

And now my struggling days are gone, way gone

F
