I think that I would like to  
stroll down a street or two.  
Stop by some places that I know  
and see whats become of me.  
Stay close and comfort.  
The winds that tear em up.  
Now, they re breezing out to pasture  
and I m breezing in and out.

Chorus

Flow, let it flow.  
It s just so mellow under my pillow.  
It s just so mellow I m surrounded by pillows.

Don t feel afraid.  
I m a little out of sleep.  
Just me come to call  
With my frozen teeth and melted lips.  
I will come and run to meet the sun  
when my songs for the morning

with my peace and my yearning.

The sun was yellow.  
Beneath the streaming through the trees.

Floating so grandly above the trees  
Why is everybody so hollow  
So I kill everything.
