Come ride the wave, bake in the sun
Life can start today, for everyone
No need to worry, the past is far gone
Life is like a song, so sing along

Em7 **Fmaj** x2 **G**

La la la la

C **G** **Am** **Fmaj7**

Jump in the water, the sea is open
Message in the sand says, Live in every moment
The moon inside my hand, my mindâ€™s in the ocean
Paradise is here forever in my emotion

C **Am9** **Em** **Fmaj7**

This is your day, it was made for you
Brother and sisters, lovers too
You know you got it made, when the love is true
So put on your shades and block out all the blue
And keep singing

Em7 **Fmaj** x2 **G**

La la la la

C **G** **Am** **Fmaj7**

Jump in the water, the sea is open
Message in the sand says, Live in every moment
The moon inside my hand, my mindâ€™s in the ocean
Paradise is here forever in my emotion

C **Am9** **Em** **Fmaj7**

Come fly away, dive underneath
The salt water makes you sweeter
Ooo I never wanna leave
As the sun fades away and melts into the sea
We will crash like the waves until our bodies are free
As weâ€™re singin

Em7 **Fmaj** x2 **G**
