Am **C** **G** **D** **Am**
Enveloped in a sentiment, a sound that rushes over me

C **G** **D**
Engage an impulse to pretend I have a faith as pure

Am **C** **G** **D**
Not forgetting what it means to dream, indulging everything

Am **C** **G** **D**
Entertaining thoughts that I've the strength of those I yearn to be

Am **C** **G** **D**
Cheers and tribute greet the saviours, reckless thoughts survive

Am **C** **G** **D**
Anachronistic and impulsive

Am **C** **G** **D** **Am**
And what will happen, will I dream? I am too scared to close my eyes

C **G** **D**
For a second, please hold me

Am **C** **G** **D**
None can change in me these things that I believe

Am **C** **G** **Am**
But I don't know what happens now, I am too scared to close my eyes
