

Whiskey And The Rain
Vodka Juniors

Intro: Bm A Bm A G A

Bm G A Bm
a place of doubt that s where we are
G A Bm
I cry and I shout in my dreams
G A Bm
and all the frustration in this world
F#
could not make me bleed.
Bm G A Bm
I dry the tears in my eyes again
G A Bm
then drink myself to sleep,
G A Bm
for all the people that I ve lost
G A F#
and the promises I failed to keep.
Bm
I know that all your time is gone,

let me sing your favourite songs (all your time is gone)
F# D
and you can have all my time to waste;
A F#
all I want is to see your pretty face...

your pretty face

Bm A G A (x2)

Bm G A Bm
I wish that I could be a stronger man
G A Bm
so I could rearrange all your mighty plans,
G A Bm
but what is true and what is false

G A Bm
I play your game to my own loss.
G A Bm
It s been raining now for days
G A Bm
and I couldn t solve your mysterious ways
G A Bm
I hope the whiskey and the rain
G A F#

can wash our sins and take away the pain...
