

Heaven Nor Hell Volbeat

Well, it s the first I ve ever posted in my life so I hope you ll like it. It s quite an easy song and it s supposed to be played in powerchords. If any of you doesn t know what powerchords are, don t worry I ve written down the chords used in the song :).

So as it is D tuning I ll write it down as it s supposed to be played. Further on downwards (underneath the tab)I ve written the way the chords are supposed to be played in standard tuning. Also, I just wrote down the chords, for the rythm you just listen to the song. It is too obvious to write it down entirely.

Powerchord base note(DGCFAd)

D#(13 15 15 x x x) / **D#**(2) (1 3 3 x x x)

G#(1)(x 13 15 15 x x) / **G#**(2) (6 8 8 x x x)

A#(8 10 10 x x x)

Intro:

D# G#(1) D# A# x2(Don t let the strummings blend here. Short Powerchords)
D# G#(1) D# A# x2(Play longer Chords. Don t cut them off)

(Note: Just before the G# strum one extra time the D# powerchord if you want to do it like Volbeat)
