

Still Counting  
Volbeat

[Verse]

**Dm**

Counting all the assholes in the room

**F A# A**

Well Iâ€™m definitely not alone, well Iâ€™m not alone

**Dm**

Youâ€™re a liar, youâ€™re a cheater, youâ€™re fool

**F A# A**

Well thatâ€™s just like me yoohoo and I know you too

**Dm**

Mr. Perfect donâ€™t exist my little friend

**F A# A**

And I tell you it again, and I do it again

**Dm**

Counting all the assholes in the room, Well Iâ€™m

**F A# A**

definitely not alone, well Iâ€™m not alone

**Dm**

Look deep into yourself before you blame all others

**F A# A**

for betrayal, for betrayal

**Dm F**

I promise, so easy to say, and easy you failed,

**A# A**

and you do it again

[Chorus]

**A#**

Well the music seems do cover

**F Dm F A**

And all the liquid do the colours

**A#**

Well I turn my back and

**F Dm F A**

go for all the better things in order

[Verse]

**Dm**

Well maybe you think your lie is safe

**F A# A**

But I read you like a letter, yeah like a letter

**Dm**

Your charm do not evens the pain

**F**

**A# A**

it feeds me with rage, and you do it again

[Chorus]

**A#**

Well the music seems do cover

**F Dm F A**

And all the liquid do the colours

**A#**

Well I turn my back and

**F Dm F A**

go for all the better things in order

**A#**

Well the music seems do cover

**F Dm A# A**

And all the liquid do the colours

**A#**

Well I turn my back and

**F Dm F A**

go for all the better things in order

**A#**

And a gangster keeps on telling

**F Dm F A**

That he got a song that matters

**A#**

So I flip a coin towards him

**F Dm F A**

Thank you very much for listening
