

Still Counting
Volbeat

[Verse]

Em

Counting all the assholes in the room

Well Iâ€™m definitely not alone, well Iâ€™m not alone

Em

Youâ€™re a liar, youâ€™re a cheater, youâ€™re fool

Well thatâ€™s just like me yoohoo and I know you too

Em

Mr. Perfect donâ€™t exist my little friend

And I tell you it again, and I do it again

Em

Counting all the assholes in the room, Well Iâ€™m
definitely not alone, well Iâ€™m not alone

Em

Look deep into yourself before you blame all others
for betrayal, for betrayal

I promise, so easy to say, and easy you failed,
and you do it again

[Chorus]

Well the music seems do cover
And all the liquid do the colours

Well I turn my back and
go for all the better things in order

But I read you like a letter, yeah like a letter

Your charm do not evens the pain
