

Land Of The Dead  
Voltaire

[Verse 1]

Well the menotaur s my butler, Cyclops my valet  
A centaur drives my chariot that takes me down the way  
Through a river made of fire and a street that s paved with bones  
I got a dozen Zombie Skeletons to walk me to my throne

[Chorus]

In the Land of the Dead  
And heck boy, ain t it grand?  
I m the overlord of the underworld  
Cause I hold horror s hand  
In the Land of the Dead I m darkside royalty  
I m far renowned in the underground  
And ya can t take that from me

[Verse 2]

Cerberus my lapdog is loyal as can be  
My bed is made of skulls I m in the lap of luxury  
I got a Dragon s Blood jacuzzi the Gorgons think it s cool  
And a seven headed hydra living in my swimming pool

[Chorus]

In the Land of the Dead  
And heck boy, ain t it grand?  
I m the overlord of the underworld  
Cause I hold horror s hand  
In the Land of the Dead I m darkside royalty
