If I compromise, I d be living lies pretending love s not meant to be, Cause I know my heart s worth saving and I know that he ll be waiting, So I ll hold on and I ll stay strong till then.

CHORUS: Cause I know he s out there somewhere, Just beyond my reach, Though I ve never really touched him, Or ever heard him speak, Though we ve never been together, We ve never been apart,

No we ve never met haven t found him yet, But I know him by heart, No we ve never met haven t found him yet, But I know him by heart.
