C G Am

C G Dm

C G Am
We held hands and laughed

Dm C
Then we jumped in the water

G Dm
Off the jetty we d fly

F C
As the sun got hotter

G Am
We were any age

F C
Floating through space

G Dm G
Happy for once in the human race

C Dm G
On this sweet Sunday, and into Monday

C G
Your arms wrapped around me

Am Dm
Where my love has found me

Am Dm
Has finally found me

F C
But am I really free?

C G Am
If I could read your mind

F C
I hope I d find

G Dm C
The same love I have in mine

G Am
If I could go back in time

F C
I d try to find you

Dm F Am
And make up for all this wasted time

C G Am
Like a broken record

Dm C
I ve stayed protected

G **Dm** **C**
From promises, from disappointments
G **Am** **C**
I wanna hear your dreams, wanna drift away
G **D**
Wanna break you in
F **G**
Oh I wanna stay
C **G**
Stay in heaven, oh in heaven
C **G**
And see my life finally begin
C **Dm**
Will we be together, oh forever?
Am **C**
Darling please let me in

C **G** **Am**
If I could read your mind
F **C**
I hope I d find
G **Dm** **C**
The same love I have in mine
G **Am**
If I could go back in time
F **C**
I d try to find you
Dm **F** **Am**
And make up for all this wasted time

F **G** **Dm** **G**
Oh I want to stay in this sweet Sunday, and into Monday

Your arms wrapped around me
