Verse 1:

C **F** **C** **F**
I have fallen, I have stood up, I've had the patience of a tree
C **F** **C** **F**
You have trembled, you have stayed still, you have tumbled like a weed
C **F** **C** **F**
All the mountains, all the deserts, go for miles and miles around
C **F** **C** **F**
We have driven for years now, baby, just to get back to a place we had already
found
F **G** **C**
Now you're driving me downtown, baby, on a rainy night
F **Am** **F** **G**
You're driving me crazy, baby, is this really life?

Chorus:

F **C**
In the wildest times of the world
Am **G**
Oh I never thought I'd be here with you tonight
F **C**
In the wildest times of the world
F **G** **C**
Let's stay together in this lonely and crazy life

Verse 2:

C **F** **C** **F**
I was mistaken, our love was forsaken, the worst mistake I ever made
C **F**
Were you lonely, were you brave now?
C **F**
I guess the two are one and the same
C **F** **C** **F**
Now I'm singing here with my sweet, sweet darling in my eye
F **G** **C**
Ain't it funny how you're walking through life and it turns on a dime?
F **Am** **F** **G**
I was missing you crazy, baby, are you really mine?

(repeat Chorus)

Outro:

F Am F C
Hey hey hey... (repeat till fade)
