Em
Listen to the sounds of ringing out around you
Bm
these are the cries of a dying breed
Em
Politics of hate you d never get around to
Bm
blood over brains that we never need
Em
I saw you in the back, studied and relaxed
Bm
fixed in the post like a silent stone
Em
Serenity and tact, it s the feeling that I lack
Bm
Life in the floors of a stable home

G D
I can trace you on paper like a sketch of a smell
G D
You re a breath to the runner in contest
G F# Bm
In close to the nerve, but you rest so far away
G A
and I have to give it up someday

D A G
Every time I close my eyes I see you in front of me
F#m Em D
Pretending in a love like this

A Em
I have no choice but to put you in back of me

G A
Don t cover my footsteps

Bm G
Dead weight all right, I know you re no good for me

Bm G
Dead weight all right, I know you re no righteous leader

D A Em
You re dead weight-all right, that s fine-but get your hands off me

G
You have to touch me with kid gloves

Bm

You have to touch me with kid gloves
