

Long Haul
Vox

F C Dm Bb
Somebody told me if you live this way
F C Dm Bb
Then it s a long, long haul
F C Dm Bb
I wanna catch a love and make it stay
F C Dm Bb
Oh it s a long, long haul
F C Dm Bb
When you know darkness you can love a day
F C Dm Bb
Oh it s a long, long haul
F C Dm Bb
I ve never seen it, I just talk this way
F C Dm Bb
Oh it s a long, long haul

Dm Bb
And you lie to us both
Dm Bb
We are words, nothing holds

F C Dm Bb
I wanna catch a love and make it stay
F C Bb
Oh it s a long, long haul

Dm Bb
I ll draw a little joy now of this
F A
Place before I get too old
Dm Bb
I ll flee these troubled horses from this
F A
Place within my troubled soul
Dm Bb
And there is nothing, so far

Eb x4

F C Dm Bb
If we are salt and earth and sun and stone
F C Dm Bb
Then it s a long, long fall
F C Dm Bb
To fixing trouble in a broken home
F C Dm Bb

And if you won't, you won't call

F C Dm Bb

When you can walk beside me past my past

F C Dm Bb

Oh it's a long, long haul

F C Dm Bb

I wanna catch a love and make it last

F C Dm Bb

Oh it's a long, long haul

Dm Bb

And you lie to us both

We are words nothing holds

F C Dm Bb

I wanna catch a love and make it stay

F C Bb

Oh it's a long, long haul
