

The Shield
Voz da Verdade

[Intro] C Dm G C

C
For all of my life
Oh my lord I will praise you
Because my breath is your life
Every time I?m feeling small
I can hear your blessing voice
It?s sweeter than all honey
Take me out from this cave
And lead me up to the sky
I have seen a lot of troubles
Strong wind went away
I have seen many snares
But your voice relieves my fears
You command to the stars
To the sea its boundaries
I?m feeling safe so far
In yours arms, oh my lord
There is no door nor lock
That shut before a such sweet voice
There is no illness nor blame
That can stand before us, oh my lord
The storm is ceasing righth now
Thru the voice of who created everything

Am Em
Your holy word is pure
F G C
A shield for those that trust in your word
