Mood Ring
Wade Bowen

Intro: **Am7 C#7**

     Am7
I know nothing about this woman
C#7   **Am7**   **C#7**
Everything I do is wrong
     Am7
And sometimes itâ€™s hard to fathom
C#7   **Am7**   **C#7**
Just what page sheâ€™s on

      Am7
I found a pretty little mood ring
C#7   **Am7**   **C#7**
At this local five and dime
      Am7
Itâ€™s gonna solve all my problems
C#7   **Am7**   **D**
For a dollar ninety-nine

      G   **D/F#**
If it turns black, I should turn back
        C   **D**
If it turns red, she likes what I said
      G   **D/F#**
If it turns blue, I should leave her alone
     C   **D**
If it turns green, she wants me I know
     Am7   **C#7**
She wants me I know

  Am7
I followed the instructions
C#7   **Am7**   **C#7**
Yeah, I read them word for word
   Am7
I memorized the color chart
C#7   **Am7**   **C#7**
Cause I wanted to be sure

    Am7
I told her baby itâ€™s the thought that counts
C#7   **Am7**   **C#7**
As I slipped it on her hand
    Am7
Then I crossed my fingers
C#7   **Am7**   **D**

With this ring Iâ€™ll understand

```
        G                       D/F#
If it turns black, I should turn back
          C                     D
If it turns red, she likes what I said
        G                       D/F#
If it turns blue, I should leave her alone
          C                     D
If it turns green, she wants me I know
         Am7              C#7
She wants me I know
```

SOLO

```
Em                      C
Oh, all the things sheâ€™s not saying
Em
Iâ€™ll Know
C                       D
While the color is changing
```

```
        G                       D/F#
If it turns black, I should turn back
          C                     D
If it turns red, she likes what I said
        G                         D/F#
If it turns blue, I should leave her alone
          C                     D
If it turns green, she wants me I know
         Am7            C#7
She wants me I know
```
