Tuning: Standard

capo 2nd fret

 C G Am G
I m sittin here surrounded by people I know
F C G
The beer s cold and the music s good and loud
 C G Am G
That used to be enough to put a smile on my face
 F G C
But tonight I just feel lost in this crowd

 C G
There s a brunette on the dance floor
 Am G
That smiled a time or two
 F C G
So I got up and asked her for a dance
 C G
But when she put her arms around me
 Am G
And I held her I knew
 F G C
It was just too soon to take another chance

 F G C
Cause I m still dancin with you
F G C
I know we said we were through
F G
But I keep holdin on
C C/B C/A G F
Letting go is just too hard to do
F G C
Even when I m holding someone new
F G C
I m still dancin with you

And so on...

When the song was over, I held on a little longer
Deep inside I knew that it was wrong
I could hold her in my arms for the rest of the night
But I'd just be leading her on

Cause I'm still dancin' with you
I know we said we were through
But I keep holdin' on
Letting go is just too hard to do
Even when I'm holding someone new
I'm still dancin' with you

Even when I'm holding someone new
I'm still dancin' with you
