I m still dancing with you - Wade Hayes Tabbed by: Joel Bergström, Sundsvall Sweden, 2010-09-28 Email: julle\_b@hotmail.com Tuning: Standard capo 2nd fret C G Am I m sittin here surrounded by people I know C The beer s cold and the music s good and loud G Am That used to be enough to put a smile on my face But tonight I just feel lost in this crowd There s a brunette on the dance floor That smiled a time or two F C So I got up and asked her for a dance But when she put her arms around me And I held her I knew It was just too soon to take another chance G Cause I m still dancin with you G I know we said we were through G But I keep holdin on C/B C/A Letting go is just too hard to do G Even when I m holding someone new G

And so on...

I m still dancin with you

When the song was over, I held on a little longer Deep inside I knew that it was wrong I could hold her in my arms for the rest of the night But I d just be leading her on

Cause I m still dancin with you I know we said we were through But I keep holdin on Letting go is just too hard to do Even when I m holding someone new I m still dancin with you

Even when I m holding someone new I m still dancin with you
