Tuning: Standard

capo 2nd fret

C# **G#** **Bbm** **G#**
I m sittin here surrounded by people I know
F# **C#** **G#**
The beer s cold and the music s good and loud
C# **G#** **Bbm** **G#**
That used to be enough to put a smile on my face
F# **G#** **C#**
But tonight I just feel lost in this crowd

C# **G#**
There s a brunette on the dance floor
Bbm **G#**
That smiled a time or two
F# **C#** **G#**
So I got up and asked her for a dance
C# **G#**
But when she put her arms around me
Bbm **G#**
And I held her I knew
F# **G#** **C#**
It was just too soon to take another chance

F# **G#** **C#**
Cause I m still dancin with you
F# **G#** **C#**
I know we said we were through
F# **G#**
But I keep holdin on
C# **C#/B** **C#/A** **G#** **F#**
Letting go is just too hard to do
F# **G#** **C#**
Even when I m holding someone new
F# **G#** **C#**
I m still dancin with you

And so on...

When the song was over, I held on a little longer
Deep inside I knew that it was wrong
I could hold her in my arms for the rest of the night
But I d just be leading her on

Cause I m still dancin with you
I know we said we were through
But I keep holdin on
Letting go is just too hard to do
Even when I m holding someone new
I m still dancin with you

Even when I m holding someone new
I m still dancin with you
