Tuning: Standard

capo 2nd fret

B F# G#m F#
I m sittin here surrounded by people I know
E B F#
The beer s cold and the music s good and loud
B F# G#m F#
That used to be enough to put a smile on my face
E F# B
But tonight I just feel lost in this crowd

B F#
There s a brunette on the dance floor
G#m F#
That smiled a time or two
E B F#
So I got up and asked her for a dance
B F#
But when she put her arms around me
G#m F#
And I held her I knew
E F# B
It was just too soon to take another chance

E F# B
Cause I m still dancin with you
E F# B
I know we said we were through
E F#
But I keep holdin on
B B/B B/A F# E
Letting go is just too hard to do
E F# B
Even when I m holding someone new
E F# B
I m still dancin with you

And so on...

When the song was over, I held on a little longer
Deep inside I knew that it was wrong
I could hold her in my arms for the rest of the night
But I d just be leading her on

Cause I m still dancin with you
I know we said we were through
But I keep holdin on
Letting go is just too hard to do
Even when I m holding someone new
I m still dancin with you

Even when I m holding someone new
I m still dancin with you
