

Were Not Alone

Walibi Adventure Band Wab

**Em** **G**  
All wrapped up in the day,  
**C**  
so much to do -- so little time  
**Em** **G**  
for the things I could say  
**C**  
I feel so confused  
**Em** **G**  
Don t know where I belong  
**C**  
I can t find the words to raise my voice  
**Em** **G**  
in this land where a song  
**C**  
Is just for the birds

**D** **C**  
So I wish on a star  
**D** **C**(let ring)  
shining down on me from afar

**G** **C**  
How do the stars above  
**G** **C**  
know what I m dreaming of  
**Em** **Bm**  
seems like everyone walking on this earth  
**C**  
knows a light in the sky  
**G** **C** **G** **C** **B**  
We re not alone, never alone

**Em** **G**  
All for one, one for all  
**C**  
together we stand -- so alive  
**Em** **G**  
music brings down the walls  
**C**  
and we are the band

**D** **C**  
So I wish on a star  
**D** **C** (let ring)  
shining down on me from afar

**G** **C**  
How do the stars above  
**G** **C**  
know what I m dreaming of  
**Em** **Bm**  
seems like everyone walking on this earth  
**C**  
knows a light in the sky (x2)

**Bm**  
When I m feeling lost and all alone  
**C** **D**  
and now the world seems so square  
**Bm**  
though its hard to carry on,  
**G** **D**  
it s alright, cause I know someone cares

**D** **C**  
So I wish on a star  
**D** **C**  
shining down on me from afar

**G** **C**  
How do the stars above  
**G** **C**  
know what I m dreaming of  
**Em** **Bm**  
seems like everyone walking on this earth  
**C**  
knows a light in the sky (x2)

**G** **C** **G** **C** **B** **Em**  
We re not alone, never alone
