WALK THE MOON

Intro: **F#**

Verse 1 (2x):
```
    Ebm                     F#
My eyes are on the road
        B
But my mind is on your body
    Ebm                        F#
My hand is on the stick shift
          B
And your hand is on my hand
```

Chorus:
```
      B                   F#
Well push me honey to the up and right
Bbm                       B
We ve been waiting but we re next in line
              B                         F#
I said, the stick shift push it to the up and right
Bbm                       B
We ve been waiting but we re next in line
```

Instrumental: **Ebm**   **F#**   **B**   **B**   (like the verse)

Verse 2:
```
Ebm                    F#
City in the rear view
      B
And nothing in the distance
    Ebm                   F#
We laugh at all the talk
            B
What do you think of getting lost?
```

```
          Ebm                     F#
What do you think of you and me?
      B
This lion is in the garden
      Ebm                 F#
Let s go way back when
     B
Before this ever started
```

Chorus:
```
      B                     F#
Well push me honey to the up and right
Bbm                         B
We ve been waiting but we re next in line
              B                         F#
I said, the stick shift push it to the up and right
Bbm                         B
We ve been waiting but we re next in line

          B                     F#
When the city shines like the sun at night
      Bbm                         B
And I feel it in my heart and my hips, I feel it
            B                     F#
Won t you stay shot gun until the day I die?
Bbm                     B
Stay shotgun until the day I die
```

Bridge:
```
                Ebm       F#
I ll stay by you
                B
I ll stay by you oh oh
                Ebm       F#
I ll stay by you
                B
I ll stay by you oh oh
```

Outro:
```
Bbm                                     B           B     F#
Why don t you stay shotgun until the day I die?
Bbm                                     B           B     F#
Why don t you stay shotgun until the day I die?
Bbm                                     B           B     F#
Why don t you stay shotgun until the day I, day I,
Bbm                                     B           B     F#
Why don t you stay shotgun until the day I die?
```

Notes:
- All the instrumentals are the chords from the verse (C#m, E, A, A)
- I m not sure of the bridge because I can barely hear it, but this works.
- The outro is basically playing the first two lines of the chorus over and over

except you don t sing the first line. You go into it after you play the final chorus
- Listen to the original song to find out the order of what you play

Enjoy!
