[Capo] 6th

[Chords] **D/F#**: 200232 || **Am/C**: x32210

[Intro] **G C G C**

[Verse]

C **G**
Well I ll tell you the truth
C **G** **D/F#** **Em**
As I only do my friend
G
I ll be living my youth
C **G** **D/F#** **Em**
As I live till my end my friend

[Pre-Chorus]

D **C**
I ve been battered and bruised
G **C** **C** **Am/C** **Am** **Em**
But it s only a few that have stayed or left
G **D**
And that s nothing a hammer
Em **G** **C** **Am/C** **Am** **Em**
A nail or my mind couldn t cure
D
But I ve left people hang
C **Am**
On a stick or a word
Am **G** **D** **Em**
If their grip grew tight
D
All the bottles, the battles
G **D** **C**
The beds that I ve shared they re all mine

But the more you hold on to me
The less you can have of me
The more you hold on to me
The less I am yours to keep

Well I ll tell you the truth

If that s what you want my friend

Sometimes being a friend

Is not saying a word my friend

I ve been shattered and shoved
 And I shattered and shoved
 But my mind is clear
 And I ve chosen my women, my men
 And I ve chosen my fears
 But I ve loved you with the marrow
 That fills up my bones and I always will
 If you are with me or not
 All depends if you hold me too near

But the more you hold on to me
The less you can have of me
The more you hold on to me
The less I am yours to keep
The more you hold on to me
The less I am yours to keep
The more you hold on to me
The less I am yours or me
