

**To My Bones**  
**Wallis Bird**

Hadn't found a tab for this song yet, so I figured this out. I think it's pretty close, and not very difficult.

**Eb**

We're kissing the lips of strangers  
We're hugging whoever next we meet

**Eb Bb G# Bb Eb**

Oh life I love you to my bones

**Eb**

When everything's short for listeners

**Eb**

Take 'em home and cook them dinners and sing

**Eb Bb G# Bb Eb**

Oh life I love you to my bones

**G#**

dominoes and medicine

It's you are and who you win

take a seat and let it grow

**Bb Eb Bb G# Eb**

the world will love you

**G#**

elephants of memory

an alphabet of chemistry

**Bb**

all of these things have made me

**Eb Bb Cm Bb**

Roscoe and Beenie, laughter and no TV

**G# Eb**

I've got punch lines and fisty cuffs

**Fm G# Bb**

and tons and tons of love

**Eb Bb**

I've got firesides and dutch gold

**Cm Bb**

There's no such thing as too old

**G# Eb**

and my fortune is my home

**Fm G# Bb Eb**

my home and all I know!

We had the

**Eb**

whole group doing limbo

everybody was tearing up the floor

**Eb Bb G# Bb Eb**

Oh life I love you to my bones

**Eb**

Man, everything is just so simple

When you re laughing until your face is sore

**Eb Bb G# Bb Eb**

Oh life I love you to my bones

**G#**

dominoes and medicine

It s who you are and who you win

take a seat and let it grow

**Bb Eb Bb G# Eb**

the world will love you

**G#**

elephants of memory

an alphabet of chemistry

**Bb**

all of these things have made me

**Eb Bb Cm Bb**

Roscoe and Beenie, laughter and no TV

**G# Eb**

I ve got punch lines and fisty cuffs

**Fm G# Bb**

and tons and tons of love

**Eb Bb**

I ve got firesides and dutch gold

**Cm Bb**

There s no such thing as too old

**G# Eb**

and my fortune is my home

**Fm G# Bb Eb**

my home and all I know!

... And then just have fun with playing the chords till you think you re done

playing

the song. :)
