

**No Saving Me
Walls of Jericho**

Capo 2ft.

Verse 1

Am G Em F
Inside these broken lines
Am G Em F
A disruption of our lives
Am G
Insanity kicks in
Em F Am
And all I see is another dead end
G
So close your eyes
Em F
And escape from what you hide

Chorus

Am G Em
How long will I take to bleed
F Am
There is no saving me
G Em F
How far will you go to hold on

Verse 2

I m better off cutting my own throat
In hope for once
That you might hear me
I know I can at least count
On the mess never judging me
I m breaking out from all I ve come to be

Chorus

How long will I take to bleed
There is no saving me
How far will you go to hold on

Alone I ve gone through hell and back
Hell and back to try to feel
And there is no saving me
