

April 41st  
Walter Etc.

[Verse 1]

**F** **Dm**  
I was born on April 41st  
**Bb** **C**  
Hydroplaning down the coast in the back of a hearse  
**F** **Dm**  
The birds didn't sing, they were feeling insecure  
**Bb** **C**  
So they never got to know me, jealous of my crow's feet

[Verse 2]

**F** **Dm**  
I grew up a karma spoiled kid  
**Bb** **C**  
The universe rewarding for what I never did  
**F** **Dm**  
Then again suffice to say, always haunted in a way  
**Bb** **C**  
Taking bean and cheese burrito advice  
**C** **F** **Dm** **Bb** **C**  
But so far so good  
**C** **F** **Dm** **Bb**  
So far so good

[Verse 3]

**C**  
You and I, we're ahead of our time  
**Dm** **Bb**  
We've got no need to explain  
**C** **Dm** **Bb**  
Hogtied to infinity's landmine with low charge and love stains  
**C** **Dm** **Bb**  
We're bound for etcetera tacked to the back ends of our names  
**C** **Dm** **Bb**  
I guess I'm excited

[Verse 4]

**F** **Dm**  
Will I have a nice day? Well, I'll never know  
**Bb** **C**  
My odd birthday makes for an awkward horoscope  
**F** **Dm** **Bb**  
**C**

That controls me, lulls me, bugs then ignores me all night and straight through  
the morning

**F**                      **Dm**                      **Bb**              **C**

Til I m a stale scone

**F**                      **Dm**                      **Bb**              **C**

I m a stale scone
