

The Time Is Now
Warren Barfield

Am **Am**
I cut my teeth, on the back of an old church pew

Am **Am**
I learned to walk in the ways of light and truth

Dm **Am** **F** **G**
And I was told not to speak til I was spoken to

Am **Am**
I heard it preached, what I should and I should not do
And the choir sang

Am **C** **Dm** **Am** **Am** **C** **Dm** **Am**
Woh oh oh oh oh oh ohh Woh oh oh oh oh oh ohh

Am **Am**
I tried to be a good boy but I ain t a boy no more

Am **Am**
I ve seen some things that a man just can t ignore

Dm **Am** **F** **G**
And this world s gone see what I am standing for

Am **Dm** **G**
I ve kept my peace, I can t hold my tongue anymore

Am **C**
You can t buy my silence, you can t steal my voice

Dm **Am** **Em**
You can t keep me quiet, I will bring the noise

Am **C**
Try to beat me down, tell me to shut my mouth

Dm **F**
But there s a time to speak and the time is now

Am **C** **Dm** **Am** **Am** **C** **Dm** **Am**
Woh oh oh oh oh oh ohh Woh oh oh oh oh oh ohh

Am **Am**
The squeaky wheel is always getting greased

Am **Am**
I ve been sitting still, Park here on the side of the street

Dm **A** **F** **G**
Always tip-toeing trying not to wake the beast

Am **G**
Oh but here I come, All you monsters had better run from me

Am **C**
You can t buy my silence, you can t steal my voice

Dm **Am** **Em**
You can t keep me quiet, I will bring the noise

Am **C**
Try to beat me down, tell me to shut my mouth

Dm **F** **G**
But there s a time to speak and the time is now

F G (Not exactly sure here)

Ooh It s the time and the time is now

Am C Dm Am Am C Dm Am
