

I See The Lights
Warren Zevon

I See the Lights

C#m **D**
I see the traffic in the streets
C#m **D**
I hear the songs subways sang beneath our feet
F#m **G**
And is it rain or tears that I feel
F#m **G**
Upon my face, the cities seems unreal
Chorus:
A **D** **A** **D**
I see the lights, I see the lights
A **C#m**
But there's no warmth or shelter in the night

People pass me on the way
And they see my eyes are filled with yesterday
When you wear here, I felt your heart beat near
Now the dark side's never clear

Chorus

Bm **A**
I've been this way before, a thousand times or more
Gm
And though the places are the same the faces are all yours, oh
