

Numb As A Statue

Warren Zevon

Intro: G# C# G# G# Eb G#

I m numb as a statue  
I may have to beg, borrow or steal  
Some feelings from you  
So I can have some feelings too

I m pale as a ghost  
You know what I love about you  
That s what I need the most  
I m gonna beg, borrow or steal  
Some feelings from you  
So I can have some feelings too

I don t care if it s superficial  
You don t have to dig down deep  
Just bring enough for the ritual  
Get here before I fall asleep

Ain t nothing special  
When the present meets the past  
I ve always taken care of business  
I ve paid my first and last

I don t care if it s superficial  
You don t have to dig down deep
