E

No I won t make no deal

A

To give him my life
Cause I won t make no deal
With the Devil tonight
No I won t make no deal
To give him my life

I got a pain and I
I got a band
The road to paying my dues

A million times he shoved that
Dotted line at me
To sing away my Blues

Oh, the pen he had
Had my blood on his hands
For all Eternity too

Don t sell your soul to
No Rock & Roll Crossroads
He ll come collecting his due
