G Cadd9 D G -2xâ€™s

G Cadd9

You stand outside the circle lonely

D G

Here in darknessâ€™ eyes

Are the lives realized all the same

Or are they magic of mind

Ooh, if I leave

Will I be here again

Ooh, what remains

Is evermore in the wind

(**G Cadd9 D** Dsus7 / **G Cadd9 D** Dsus9 **D D** Dsus7 **D**)

Do the shadows of my memory

From a long ago time

Lead a path to the other lives of me

Souls of past great divides

Ooh, give me wings

Will I be here again

Ooh, itâ€™s embrace

In the arms of the wind

Chorus-

G C D G C D

Ooh, evermore winds of change will I be here again

Oohâ€™. will I rise on my wings evermore in the wind

Oohâ€™. am I ever the same will I come back again

Oohâ€™. give me wings for my change

Em C D

Oh will I come back again

Ever free in the end

Ooh, will I be here again

Into the arms of the wind

Bridge-

Em G

And only those who stand within

Can hold the keys that let us in

But if the magic in us dies

Ooh, then the souls within us cries

Beyond the wall of tears we wander

Evermore in the wind

Beyond the wall of tears we wonder

Will I be here again
The magic of the circle lies
Somewhere between the dark and light
The magic circle never dies

Chorus
