## Stay By Your Side Waterdeep

Am Get it wrong and everyone ll say You get a boat out Just to see it blown away Am If you lie and think you re okay You set a bone to break Living on a little summer wage Then break down And you re fallin all the way Get it wrong and everyone ll say Ain t that the way, ain t that the way I ll stay by your side Til the darkness passes I ll stay by your side Til the storm is through Out alone you ve gone a long ways Got a weak will And a thing you couldn t say Never sank, you rowed a load over The early mountain lake Now you re on, you re farther on gone Countin on someone That you say is just a pawn Get it wrong and everyone ll say

Ain t that the way, ain t that the way

(Volta pro refrão I ll stay by your side )
