Your face is beautiful And Your eyes are like the stars
                        G/B
Your gentle hands have healing there inside the scars
                      D/F#
Your loving arms they draw me near
And Your smile it brings me peace
                                     C D G (hammer on)
               G/B
Draw me closer oh my Lord, Draw me closer Lord To Thee

                                              G (hammer on)
     Devastate us with Your presence Falling down
     And rushing river, draw nearer
     Holy fountain consume us with You
     Captivate us Lord Jesus, with You
[Intro]
(except last time \mathbf{C} to \mathbf{G})
[Verse 2]
                     D/F#
                                          Εm
                                                                   Em7
Your voice is powerful And Your words are radiant bright
                   G/B
In Your breath and shadow I will come close and abide
                    D/F#
You whisper love and life divine And Your fellowship is free
                                     C
                                                   G (hammer on)
