Beat Me Up
Wavves

Sorry that the timing isn t great! But i m sure you will pick it up, here are
the chords.

Intro: G (play quickly)

```
G#              F#
Memories
G#              F#
They're her reason why
G#              F#
She takes it all
G#              F#
And slowly starts to cry
```

```
C#                                              G#
Do you really think I easily bruise?
C#                                              G#
I ask what about the pain that leads to marvel
C#                                              G#
I just wanna spend some time with you
F#                            E
Some time with you, some time with you
```

```
G#                  F#            E
And you could beat me up
G#                  F#             E
You could beat me up
```

```
Break
G#           F#
G#           F#
```

```
G#                            F#
You're all the enemy
G#                            F#
That's my reason why
G#                            F#
I love the pain
G#                            F#
It makes me wanna die
```

```
C#                                          G#
Do you really think I easily bruise?
C#                                          G#
Or do you have a smoke that I could borrow?
C#                                          G#
I just wanna spend some time with you
```

F#   **E**
Some time with you, some time with you

G#   **F#**   **E**
Or you could beat me up
G#   **F#**   **E**
You could be me up

Ending
G#   **F#**
G#   **F#**
G#   **F#**
G#   **F#**
