

Not So Bad At All

Wax

Aight. So all you guys who are way too lazy to even try to figure these ridiculously easy chords out, I ll be posting this for you.

Tabbed by: Jed Kim

So he plays everything in Cmaj7 (barred version), G7 (The barred version), Am7 (Also the barred version), and Em (barred version in bridge only) There s also a Dm7 (barred) from bridge to whatever is after that.

```

e|-----|
B|-----| Then Cmaj7   which is x35453
G|-----|  play the Cmaj7 a few times, then do that tiny riff again and
play Cmaj7
D|-----|
A|---0--2--3-|
E|-3-----|

```

Then play G7 which would be 353433  
BUT he does play another note, so it would look like this

```

e|-----3-----3-----|
B|-----5-----3-----|
G|-----4-----4-----|
D|-----3-----3-----|
A|-----5-----5-----|
E|-3---3---3---3-----|

```

You obviously just don t play the chords once, you strum a few times, but I don t think I have to tell you that unless your an idiot.

then play Cmaj7, but you can slide from fret 2 on the A string to make it sound nicer

so the pattern is riff-**Cmaj7-G7-Cmaj7-G7** then **Am7-Em-G7-Cmaj7**

NOW REMEMBER - ONLY THE CMAJ7 IS PLAYED IN ITS NORMAL WAY  
G7, AM7, AND EM WAX PLAYS THE VARIANTS  
so for G7, always play that thing up there (the second thing I tabbed)

Am7 looks like

```

e|-5-----7-----5-----|
B|-5-----5-----5-----|
G|-5-----5-----5-----|
D|-5-----5-----5-----|
A|-7-----7-----7-----|
E|-5-----5-----5-----|

```

And Em like this

```

e|-0-----0-----0-----|
B|-0-----3-----0-----|
G|-0-----0-----0-----|
D|-2-----2-----2-----|
A|-2-----2-----2-----|
E|-0-----0-----0-----|

```

Always play these instead of the regular chord.

Aight so the whole thing is this

Intro:  
riff-**Cmaj7**

Verse:  
riff-**Cmaj7-G7-Cmaj7-G7**

Chorus:  
**Am7-Em-G7-Cmaj7**

Verse, Chorus,

then Bridge:  
**Am7-Em7-Am7-Em7- Em7->D#m7->Dm7**

After Bridge:  
**Dm7-G7-Dm7-G7**

then verse again.

Bridge **Em7**

```

e|--7---10---7-----|
B|--8---8---8-----|
G|--7---7---7-----|
D|--9---9---9-----|
A|--7---7---7-----|
E|--0---0---0-----|

```

Bridge **Dm7** is x57565

ENJOY :D
