Crave, desolate, you dive in, we follow along.
I contrive you with whiskey and Sam Cooke songs
and we lay on our backs, soaking wet below a static tv set.
Conversation flows, counting shooting stars and catfish,

Gm **F**
but I ll never make a wish.

Same for Verse 2 until Outro

Bb **Eb** **F** **Eb**

We stick to our slow motion memory.

and though now it is hovering darkly over me,
it ll look just like heaven when I get up and leave.

You re a ghost and I can t breathe.
