E
Welcome to 2003 minus 25

B7
Oh, say can you smell her for the smoke

God s still up there laughin so He s gotta be alive

E
Who says He can t take a dirty joke

E
Power isn t, power does and power slips away

A
It s so easy to abuse

B7
Who d ve thought them Arabs would ve bought

E
The USA just to give it to the Jews

B7 **E**
Singin crime still don t pay just like it used to

B7 **E**
And you know that time slips away till you die

B7 **E**
And you know that I don t give a damn when I choose to

B7 **E**
And you know that it don t hurt so bad when you re high

E
Oh, say does the future of the homesick

B7
And the brave even matter anymore

There ain t no more reason for them boys

E
To run away than there was to fight before

E
Would you tell me why the hell we d try to win back in a war

A
What we wasted in the last?

B7
Might just ain t as righteous as it used to be before

E
When your army s out of gas

B7 **E**
Singin crime still don t pay just like it used to

B7 **E**

And you know that time slips away till you die

B7 E

And you know that I don't give a damn when I choose to

B7 E

And you know that it don't hurt so bad when you're high

B7 E

Singin' crime still don't pay just like it used to

B7 E

And you know that time slips away till you die

B7 E

And you know that I don't give a damn when I choose to

B7 E

And you know that it don't hurt so bad when you're high
