

**Wild Ones**

**Waylon Jennings**

[Verse 1]

**B** **E**  
Straight out of nowhere  
**B**  
And a little bit out of our minds  
**E**  
We were courting disaster  
**B**  
With one foot over the line  
**E**  
It was one for the show  
**B**  
And two for ol' shorty and me  
**E**  
We were the wild ones  
**D** **E** **B**  
We had this town up a tree

[Chorus]

**E**  
We were the wild ones  
**B**  
The ones they couldn't control  
**E**  
We were survivors  
**D** **E** **B**  
Good hearts - body and soul  
**E**  
We were the winners  
**B**  
Cause we didn't know we could fail  
**E**  
We were the wild ones  
**D** **E** **B**  
And we had the world by the tail

[Verse 2]

**E**  
She was a lady  
**B**  
When a lady wasn't easy to be  
**E**  
Hangin' in limbo  
**B**  
She started hangin' with me

**E**

We were the music

**B**

Cause we had a song we could sing

**E**

We were the wild ones

**D**

**E**

**B**

And we had the world on a string

[Chorus]

**E**

We were the wild ones

**B**

The ones they couldn't control

**E**

We were survivors

**D**

**E**

**B**

Good hearts - body and soul

**E**

We were the winners

**B**

Cause we didn't know we could fail

**E**

We were the wild ones

**D**

**E**

**B**

And we had the world by the tail
