

Paradigm

We Are the Fallen

Standard tuning.

This song pretty much stays the same throughout. Listen closely for the timing, because it s not exact with the words.

(Intro)

C - D - Em - D

(Verse)

C D Em D

Falling to my knees before you,

C D Em

So ashamed to see my weakness fill your eyes.

C D Em D

Needlessly, I let myself stray before you,

C D Em D

Now I face the consequence of my betrayal.

(Chorus)

C D Em D C D Em D

My pa---radigm, my swe---et love I breathe,

C D Em

It s yo-----u I rely on,

C D

Shelter me from co----ld,

Em

I m dying, paradigm.

(Verse)

Do we sacrifice, let our story die?
Blissful lullabies return again,
If we still a while, let love survive,
Delicately crawling to your grace.

(Chorus)

(Solo)

Em - Am - B - D

Em **Am**
Perfect sky, shadowed by my lies,

B **D** **Em**
Good enough but always wanting more.

Am
I replaced all your love with pain,

B **D** **Em**
So afraid to face the world alone.

(The solo here is just a walk up from **E** to **C**)

C **Em** **C** **Em**
My pa---radigm, my swe---et love I breathe

(Chorus)

C **D** **Em** **D** **C**
Dying paradigm (4x)

(End on **Em**)

Again, listen for the timing because it is not exact with the words.

Enjoy!
