Kiss Me Again by We Are The In Crowd

I didn't get the chords exactly at the right word but, it's easy to know where to play the chords.

OBS!!!!

I'm well aware that they don't play like this in the original, but if you want to play it in an easy way these chords are good and don't sound weird. So play these chords and sing along and you'll notice.

The chords are

Verse: **Bm C Am G**
and always before the second verse and the chorus you'll play **Am F**

Chorus: **G Am F x4**
G F G Am F
Bm C Am G x2

I'm not sure about the bridge so I didn't write it down, if you know you can tell me or the I can put it there when I've found out what the chords are.

Bm C Am G
I gotta say something that I've been thinking about
Bm C Am G
I can't wait to lay around with you
Bm C Am
And tell you all the secrets
G Am F
I've been keeping to myself

Bm C Am G
It's been a while since I've felt butterflies
Bm C Am G
Do you feel the same way too?
Bm C Am G
If every single second could last that much longer,
Am F

Would you hold me...

F **G** **Am** **F**
And kiss me again?
F **G** **Am** **F**
